### 7 Cities That Won't Win the Second Amazon Headquarters

Earlier this year, Amazon announced the 20 finalist cities to host Amazon HQ2. A list that started with 238 proposals in October has been whittled down to less than a couple dozen contenders for Amazon's second headquarters over the course of a few months. Now the heavy analysis and work begin for Amazon executives, including CEO Jeff Bezos, tasked with making the ultimate choice between Amazon's top cities for HQ2.
